## DIGITAL PASSPORT QUESTIONS

---

### What is the Digital Passport?

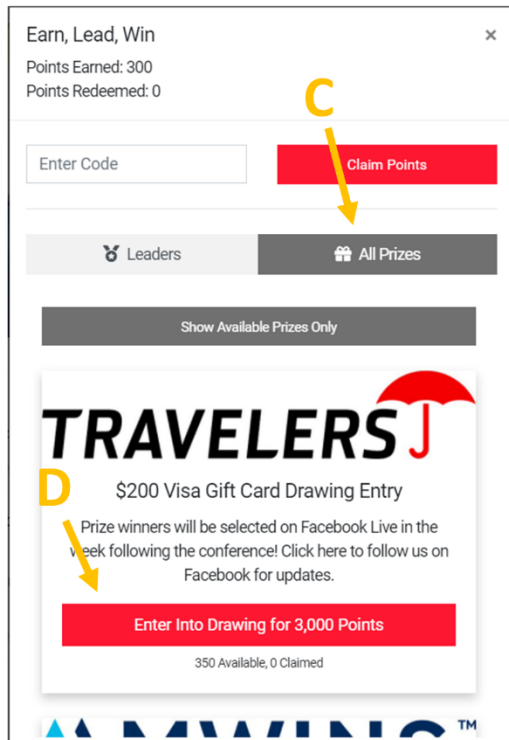

- The Digital Passport is how you collect points for visiting booths and attending sessions. These points can be used to enter into drawings for different gift cards. The more points you collect, the more drawings you can enter. You can collect codes to claim points, see your point total, view prizes, and enter prize drawings by clicking “Digital Passport” on the menu on the left.

Anytime you see a code (MACSXXXX) open Digital Passport (A) and enter in the code (B) and click “Claim Points.”

The screenshot shows the MeM Digital Passport interface. On the left, a navigation menu includes options like Lobby, Sessions, Exhibit Hall, Digital Passport (marked with a yellow arrow 'A'), Account, Help, and Logout. The main content area displays the user's point total: 300 Points Earned and 0 Points Redeemed. A modal window titled "Earn, Lead, Win" is open, showing an "Enter Code" input field (marked with a yellow arrow 'B') and a red "Claim Points" button. Below the input field, there are tabs for "Leaders" and "All Prizes". The "All Prizes" tab is active, displaying a list of prizes with their respective point values:

Prize	Points
Sheyenne Lawson Smart Insurance Agency	6,900
Lauren Layman Smart Insurance Agency	6,800
Nick Layman Smart Insurance Agency	6,400
Jerri Wildhaber Missouri Dental Insurance Services	6,000
Dylan Stanfill Sterling Insurance Agency	5,800

Once you earn enough points, under All Prizes (C) you can enter into a chance to win the gift card of your choice (D).

You can enter each drawing once. There is a \$200 Visa gift card, and three \$50 gift cards from Amazon, Walmart and Target.

Prize winners will be drawn the week after the conference via Facebook Live.
