

# Small Agency Conference FAQs

## DIGITAL PASSPORT QUESTIONS

### What is the Digital Passport?

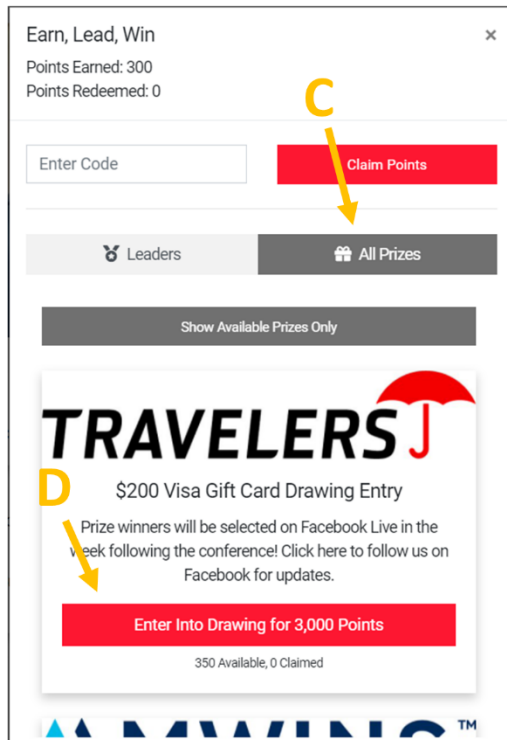

- The Digital Passport is how you collect points for visiting booths, attending sessions and giving InsurPac donations. These points can be used to enter into drawings for different gift cards. The more points you collect, the more drawings you can enter. You can enter in codes to claim points, see your point total, view prizes, and enter prize drawings by clicking “Digital Passport” on the menu on the left.

Anytime you see a code (SACXXXX) open Digital Passport (A) and enter in the code (B) and click “Claim Points.”

The screenshot shows the website interface for the Small Agency Conference. On the left sidebar, the 'Digital Passport' menu item is highlighted with a yellow arrow labeled 'A'. A modal window titled 'Earn, Lead, Win' is open, showing a list of agency leaders and their point totals. A yellow arrow labeled 'B' points to the 'Enter Code' input field in the modal. The modal also displays a 'Claim Points' button and a table of agency leaders with their names, agencies, and point totals.

Agency Leader	Points
Sheyenne Lawson Smart Insurance Agency	6,900
Lauren Layman Smart Insurance Agency	6,800
Nick Layman Smart Insurance Agency	6,400
Jerri Wildhaber Missouri Dental Insurance Services	6,000
Dyan Stanfill Sterling Insurance Agency	5,800

Once you earn enough points, under All Prizes (C) you can enter into a chance to win the gift card of your choice (D).

You can enter each drawing once. There are two \$200 Visa gift cards, four \$50 Amazon gift cards and four \$50 Target gift cards available.

Prize winners will be drawn the week after the conference via Facebook Live.
